Education

B.G.Shanbhag Vidyalaya, Jalgaon, Maharashtra

- Got 84.20% in 10th std.

Baheti junior college, Jalgaon, Maharashtra

- Got 80% in 12th std.

Pillai College of Engineering, Panvel, Mumbai.

- Currently in second year in dept. of Computer Engineering.
- First year CGPA is 7.2

Project Experiences

1) As I am a member of the IEEE team of my college as a Web Developer, we are making college IEEE websites, so good familiar with the languages like HTML, CSS, JS, React JS, Django for backend, MySQL database, etc.

2) In the starting I made small projects like calculator, tic-tac-toe and other small projects so that why now I am good in HTML, CSS and JS.

3) I Really want to explore myself in this field more than this.

Personal Summary

- Done problems of C Programming and Java in HackerRank.

- I have a 'Never Give Up' attitude.

- Have the ability to solve problems independently and continue to learn, work seriously, good team spirit.

- Really want to explore this technology mainly in any domain of Software Engineering such as (Web Development).
